Hello Everyone!

**We continue to be on a COVID-19 outbreak on Oliver Lodge South.**

Today marks day 49 of the COVID-19 outbreak at Oliver Lodge. Residents and Families miss each other, staff are tired and strained from the constant changes, and the number of cases in the community continues to rise. Despite all of these trying situations the positivity at Oliver Lodge is incredible.

Residents are receiving amazing one on one attention and are feeling extremely loved. Staff members support each other by going the extra mile when their co-worker needs their assistance and provide a listening ear when needed. Laughter from residents and staff continues to be heard throughout the building.

We acknowledge and appreciate your patience throughout these 49 days and throughout the pandemic. With the deployment of the vaccination beginning in our province, it gives us hope that our doors will be open for visitors to roam the hallways once again and for families to reunite.

We excitedly await the arrival of the vaccine for the residents. We have not received notification of when this will be, but we will notify you as soon as we are aware. Some of our staff has been fortunate to have received their vaccination as directed by the Saskatchewan Health Authority.

May this year be filled with an abundance of blessings and the coming days are filled with hope.

Love,  
Everyone at Oliver Lodge

***Celebrating  
all that we are!***
